Wegner LLP, CPAs & Consultants Receives Dane County Small Business Award

Wegner LLP, CPAs & Consultants is proud to announce it has been named one of this year's recipients of the Dane County Small Business Award. This prestigious award recognizes small businesses in Dane County who offer a rewarding workplace for their employees, while also giving back to their community.

Wegner LLP believes in and encourages its professionals to maintain strong community involvement. "The talents and leadership abilities of our professionals are evidenced in their volunteering and active participation in a wide variety of organizations," said Scott Haumersen, Managing Partner at Wegner LLP. "We believe no firm can be stronger than its community." As a result, Wegner contributes substantially to many organizations and events at an amount exceeding 5% of their annual revenues.

Wegner also prides itself on creating a rewarding workplace for employees. "We believe that our team members are our most important assets," commented Haumersen. The company contributes substantially more in training and support than their peers in the industry. "We have one of the lowest turnover percentages in Dane County public accounting firms," states Haumersen. Of its 40 professional staff members, 33 have their CPA designation – much more than any other firm in Dane County. This provides the opportunity to give clients the best service possible by trained professionals.

Wegner LLP, CPAs & Consultants is a full-service accounting and consulting firm with offices in Madison and Baraboo, WI. As the 7th largest accounting firm in Dane County, Wegner focuses on serving small businesses, not-for-profits, and individuals.
