

Wegner LLP, CPAs & Consultants Accepted to the Not-For-Profit Services Association (NSA)

Wegner LLP, CPAs & Consultants is proud to announce that it has been accepted as the exclusive Wisconsin member of the Not-For-Profit Services Association (NSA), a nationwide association of CPA firms that provide specialized accounting, tax and consulting services to nonprofits. To be awarded membership in NSA, firms must demonstrate proficiency in serving nonprofits and a commitment to the industry.

“Running a successful not-for-profit organization has become more complicated,” noted Scott Haumersen, CPA, Managing Partner of Wegner LLP. “It’s crucial that nonprofits have an advisor who understands their unique issues and can use this insight to assist them in improving their organization. Like our firm, other NSA members know the nonprofit industry, and belonging to NSA enables us to pool our knowledge and resources so that we can provide the best services and solutions for our clients.”

Through NSA, members gain access to networking and educational resources that assist them in staying on the forefront of the not-for-profit industry.
