

Wegner LLP, CPAs & Consultants Voted Top Pick for Preferred Accounting Firm

Wegner LLP, CPAs & Consultants is proud to announce they have been voted as one of the top picks for Preferred Accounting Firm by the In Business readers through the 2006 Executive Choice Survey.

In Business magazine publishes an annual Executive Register, which is an annual “Honor Roll of the most civic-minded business, non-profit, and government executives that the Greater Madison area has to offer,” *In Business: Madison, July 2006*. The Executive Register voted on an Executive Choice Survey, and Wegner LLP was ranked as the third most preferred accounting firm in Dane County.

This is a significant achievement for the company, as Wegner is only the 8th largest accounting firm in Dane County, and was recognized by the clients they serve as well as other organizations in the community. “We are thrilled by the recognition especially since it recognizes quality rather than quantity or the size of our firm,” said Scott Haumersen, CPA, and Managing Partner at Wegner LLP.
